Best speaker placement for my sound bar?

For the best sound experience, position the sound bar as shown. The sound bar should be close to ear level.

How do I adjust sound settings and levels?

Using the included remote, you can easily adjust many different sound settings and levels to optimize your listening experience, including EQ modes, bass level, treble level, and more.

Push a **setting** button to turn feature on/off.

Push a **setting** button and then use the Left/Right buttons to change each setting level.

How do I connect to Bluetooth®?

Easily connect your Bluetooth device to your sound bar:

1. **Press and hold the Bluetooth button**  on the sound bar or remote control for three (3) seconds.
2. **Search for the sound bar (V20xt)** using your Bluetooth device.
