

Let's get started. [Open for step-by-step setup instructions.](#)

## MicMe works with all popular apps

Not sure where to find karaoke music? Here are a few suggestions:

Access over 85,000 karaoke songs by downloading the free MicMe Karaoke by Stingray app for your iOS or Android device.

- Launch your favorite music or karaoke app from your phone and stream via Bluetooth.
- Go into a music app, such as Apple Music. Select Lyrics and click on the microphone to remove original vocals and start your performance.
- Other highly rated karaoke apps: Stingray Karaoke, Smule, Yokee Karaoke, and Starmaker.
- Open an app from your smart TV, such as Stingray Karaoke, Kanto Karaoke, Party Tyme Karaoke, or YouTube (check out Sing King).

Some music and karaoke apps require a user account or subscription.

## Discover custom MicMe settings using the VIZIO Mobile App

### Explore advanced settings

Explore advanced soundbar and microphone settings such as bass, treble, ClearDialog, Ambient Light settings, and more.

### Customization

Use Voice Enhancements to punch up your vocals, or adjust Echo Effect, Mic Volume, and all soundbar audio to your preference.

### Management

Manage soundbar audio with your TV remote control or VIZIO mobile app. If preferred, a soundbar remote control can be purchased on [vizio.com](http://vizio.com)

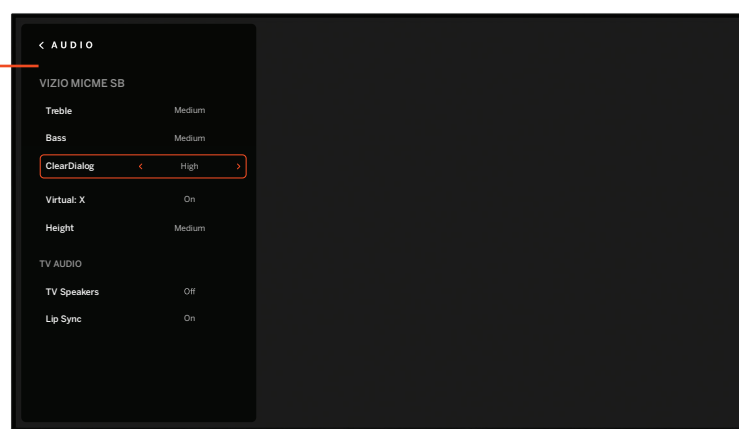

## Exclusive for VIZIO TV

Simplified setup and control for VIZIO TV owners.

### Audio Control Menu

Press the Settings button  on your VIZIO TV remote and select ALL SETTINGS > AUDIO to get started.

### VIZIO QuickFit

A proprietary mounting solution that enables elegant, tool-free installation of your soundbar with compatible VIZIO TVs using the included mounting screws.

Learn more at [vizio.com/quickfit](http://vizio.com/quickfit)

## Get to know your soundbar

### Using Bluetooth to stream music

1. Open the VIZIO mobile app and select your soundbar. Tap Mobile Device (Bluetooth) as your Audio Source and follow on screen instructions. The blue LED light will start blinking rapidly and a tone will play twice to indicate the soundbar is in pairing mode.
2. Go to the Bluetooth settings on your mobile device, select *VIZIO MICME SB* and pair.
3. The blue LED will stop blinking and a confirmation tone will play when you have successfully paired.

You are all set. Now you can begin streaming your favorite music, podcasts and more.

Note: If you do not have the VIZIO mobile app, you can quickly press the Bluetooth button on the soundbar then follow step 2.

### Understanding HDMI® ARC/eARC

For the highest quality audio performance, enable CEC settings on your TV and connect the included HDMI cable to your TV's HDMI ARC or HDMI eARC port. Refer to your TV manual to learn more about CEC.

No TV HDMI port? Contact VIZIO support at [support.vizio.com](mailto:support.vizio.com) if your TV requires optical connection.

## 1 Charge

Plug in docking station and insert microphones as shown to charge.

The mics will display the current battery level when placed in the charging dock.

## 2 Plug In

Plug the soundbar and subwoofer into a nearby outlet using the included power cables.

A sound will play when the soundbar powers on for the first time and the front white LED light will turn on.

## 3 Download the VIZIO Mobile App to control your soundbar

The VIZIO mobile app and VIZIO Account required for control of soundbar and microphone functionality, settings, and to receive system updates. Scan to download.

- Stand near the soundbar and activate Bluetooth® on your mobile device.
- Open the VIZIO mobile app and press the remote tab to select your soundbar from the list of devices (VIZIO MicMe SB). The app automatically discovers your soundbar for the first 72 hours after installation.
- If pairing after the first 72 hours, ensure the soundbar is powered on with a quick press of the Volume (+) button on the soundbar. Quick press the soundbar Bluetooth (⌘) button to initiate the pairing process for up to 1 hour.

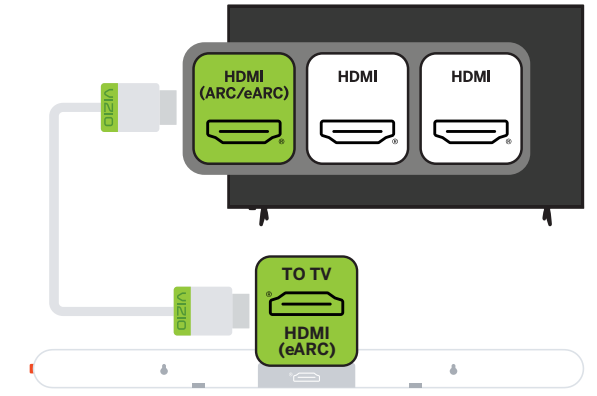

Once paired, you can adjust audio levels, microphone functions, and enable Bluetooth music streaming in the app.

If you do not have a smart phone, your TV remote will also control soundbar volume and mute.

## 4 Connect to your TV

Connect the soundbar to the HDMI ARC or eARC port on your TV with the included HDMI cable.

For optimal audio, ensure that HDMI CEC and eARC are turned on in your TV settings menu. Refer to your TV user guide for details.

## Start Singing

### Sing with your TV

Once your soundbar is connected to your TV, launch your favorite music app and pick up a mic to start singing.

### Stream from your phone

Use Bluetooth to stream music directly to MicMe. Refer to the *Get to know your Soundbar* section for detailed instructions.

## Microphone Settings

Settings can be accessed with the microphone mode button and adjusted using the +/- . These can also be adjusted in the VIZIO Mobile App, along with additional features.

Mode Button

### Microphone Volume

Press 1x: Adjust microphone sensitivity.

### Echo Effect

Press 2x: Adjust echo intensity of your voice.

### Ambient Light

Press 3x: Select your favorite color.

## Get to know your MicMe microphones

### Microphone Basics

Fully charged mics have up to 8 hours of battery life.

After 10 minutes of no use, mics will go into Sleep mode, and will auto power off after 30 minutes. Place mics back in the charging dock when not in use.

When powered on, mics will display a greeting, identity of MIC 1 or MIC 2, and battery life percentage.

If your mics become disconnected, press and hold the power button on the bottom of each mic for 2 seconds to power off, then press and hold again for 2 seconds to power on. If your mics do not connect or are not connecting refer to the online User's Manual.

Only two mics can be paired to the soundbar at a time. MicMe microphones are only compatible with VIZIO MicMe.

For optimal performance, sing into the top of the mic, not into the grey fabric side.

Refer to the online User's Manual for mic care instructions.
