VIZIO 2.1 All-in-One Soundbar
Quick Setup Guide

VIZIO

Download the VIZIO mobile app to control your soundbar

The VIZIO mobile app and a customer account are required for control of soundbar functionality, settings, and to receive system updates. Scan to download.

1. Activate Bluetooth on your phone while standing next to your soundbar.
2. Open the VIZIO mobile app to pair and connect to the soundbar. The app automatically recognizes your soundbar for the first hour after installation.
3. After one hour, press and hold the Bluetooth button on your soundbar. Release after 5 seconds to initiate the pairing process for up to 3 minutes.
4. Once paired, adjust audio levels like bass, treble, height, and ClearDialog.

No mobile device?

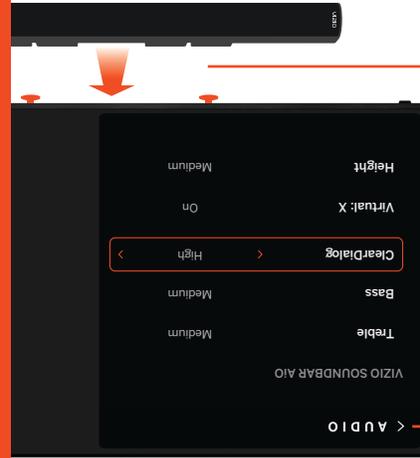

Your TV remote will also control soundbar volume and mute.

Using Bluetooth to stream music

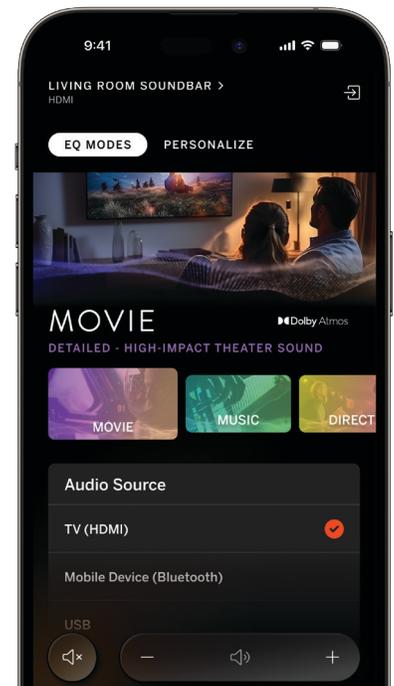

Press and hold the Bluetooth (ⓧ) button on your soundbar and release after 2 seconds. Go to the Bluetooth settings on your mobile device, select VIZIO AIO and pair.

Or, in the VIZIO mobile app, tap Mobile Device (Bluetooth) as your Audio Source and follow instructions to initiate Bluetooth pairing.

Once paired to the soundbar, you can begin streaming music, podcasts, and more.

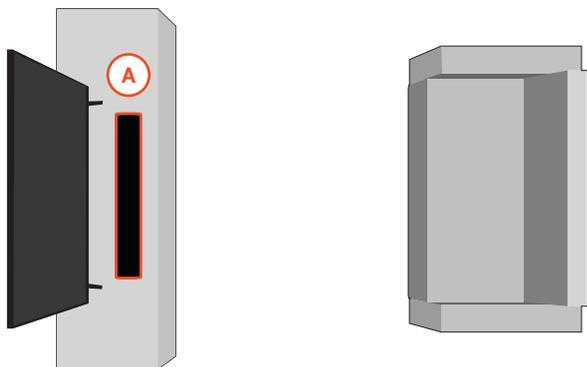

Audio Performance

For the highest quality HDMI supported audio performance, enable CEC settings on your TV. Refer to your TV manual to learn more.

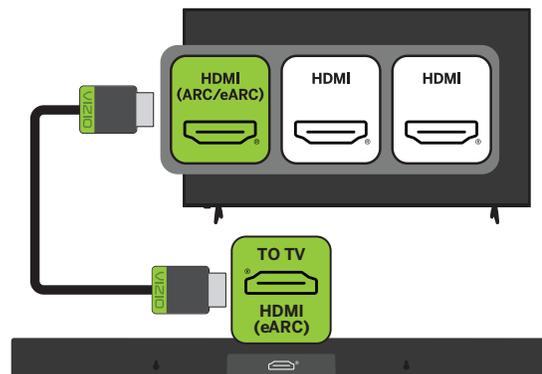

1 Position

Position the soundbar (A) as shown in the image below.

2 Connect

Connect the soundbar to the HDMI ARC or eARC port on your TV with the included HDMI cable.

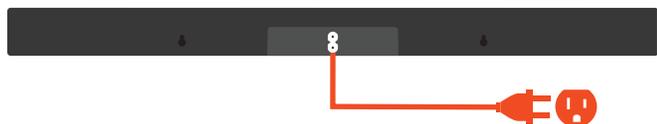

No HDMI port? No problem.

Contact VIZIO Customer Support at support.vizio.com if your TV requires optical connection.

3 Plug In

Plug the soundbar in using the included power cable. A welcome tone will play when powered on and the front white LED light will turn on.

4 Optimize your audio in the VIZIO mobile app

Personalize audio settings and access advanced controls like ClearDialog, Bass, Height and more. Reference the User Manual for a complete list and explanation of all audio controls.
